However, the Self-determined Limits will not be affected. Business Customers may adjust the daily limit(s) for Net Banking Transactions at anytime by completing and submitting the Net Banking Amendment Form to any branches of the Bank.

After the Effective Date, notification letter stating the latest “Daily Limit for Online Transaction / Application” will be sent to the Affected Business Customers for record. Business Customers may also refer to the “Daily Limit Enquiry” section at the Bank’s Net Banking for the latest daily limits.

Kindly be informed that if your company continues using the Bank’s Net Banking service on or after the Effective Date, your company will be deemed to accept revision of the above “Maximum Daily Limit for Online Transaction” for the Affected Net Banking Transactions and the relating arrangements. If your company does not accept the revision, the Bank shall not be able to provide Net Banking service to your company.
