To provide a more convenient and flexible electronic banking experience, Public Bank (Hong Kong) Limited (the "Bank") has launched the following two new functions with effect from 1 June 2026.

1. **New "Transfer Limit Settings" Function on the PBHK Digi app**

The new "Transfer Limit Settings" function allows customers to flexibly amend their daily transaction limits directly via the PBHK Digi app, offering a faster digital alternative to the existing methods of amending these limits via Net Banking or in-branch submissions.
